About

I'm Sushant, a Web Developer from Dharan, Nepal. I like to build beautiful client-side applications as well as reliable server-side applications on the web.

Skills and technologies

HTML, CSS, JavaScript, TypeScript, React, Node.js, Express, MongoDB, Git and GitHub, and currently exploring SQL databases.

Education

Central Campus of Technology

Pursuing bachelor's in computer science and information technology (CSIT) in Dharan, Nepal.

Projects

Dharane Express Cargo

- Streamlined the entire manual cargo shipment handling process through the system.
- Implemented a discount and cashback feature aligned with the business idea.
- Live: app.dharanexpresscargo.workers.dev

Full-stack blog app (OAuth 2.0)

Personal full-stack blogging website where I write personal blogs and allow like-minded people to share their stories.

- Live: devwrites.netlify.app

Experience

Dharane Express Cargo

Web Developer

- Built a cargo & courier website and management system for a local cargo business.

Unique Dharan Education

Frontend Developer (React)

- Developed the client side of an education consultancy's website.

Open-source work

React Devs

Contributed to this open-source repository to understand how opensource projects work.
